PART I - "The Cocktail"

The celebration kicks off with music at 6 PM on Terrace 7.3, featuring a cocktail reception. Led by the DJs Mel V and Kailys, this cocktail party will set the tone for the rest of the festivities.

The Martine Patine collective will disrupt this after-work with a roller-skating show, leading guests rhythmically towards Club T7 with their infectious energy.

As an introduction to the evening, this cocktail party truly embodies everything Who's Next represents: a fusion of trends and talents, a platform for boldness and creative freedom.

PART II - "The Show"

From 9 PM onwards, Club T7 will host a spectacular anniversary show, choreographed by the talented Mariana Benenge. This event promises a unique artistic and musical experience, offering an emotive journey through the history of Who's Next, from 1994 to this day.

Mariana Benenge, a prominent figure in the Parisian queer scene, will bring her unique and inclusive vision to life through a series of choreographic pieces, each capturing the spirit of a different decade. Inspired by waacking, ballroom culture, hip-hop, and traditional Congolese dances, Mariana's performances celebrate diversity and highlight the very essence of Who's Next: fashion, innovation, creativity, as well as diversity and inclusion, thus offering these artists unprecedented visibility on the international stage.

Complementing this captivating dance spectacle will be electrifying musical performances by Lala&ce and Le Juice. Lala&ce, with her ethereal flow and sharp punchlines, and Le Juice, a rising star in French rap, will bring a dynamic energy to Club T7, turning this moment into an unforgettable celebration of innovation, creativity, and urban culture. Forever championing emerging talent, Who's Next invited the fashion design students from ISAL to showcase their creations by dressing the dancers of the show.

PART III - "The Soirée"

Starting at 10 PM, the Spiritual Gangsta collective, with its sharp selection of DJs (Anaïs B, So High, Mr Meyz, David Gué, Hey Bony), will ensure an eclectic and intoxicating musical atmosphere. Founded by Anaïs B, this collective has emerged as a symbol of musical freedom and diversity, bringing together a community driven by the desire to feel alive. Spiritual Gangsta does more than deliver DJ sets; they create an immersive experience where music becomes a means of deep connection and collective expression.

Curated by the web-radio Rinse, Club T7 will transform into a space where every angle inspires authenticity and creative energy until 3 AM.
